VOLUME 9

CLARESHOLM ALTA, SEPT. 4, 1913.

NO. 28

Who Owns This Fence?

A rather complicated fence dispute came before C. W. James, J. P., on Monday last. Dick Moore had a homestead and a lease on a few sections of land in the Hills near of town. Milton Erwin and Moore had land adjoining and to protect their lands from wandering cattle, Irwin is said to have built a fence around Moore's land. Moore sells his homestead and transfers his lease to Fred Burton. Burton claimed the improvements (which included the fence) on the leased land as well as on the homestead. Irwin claimed that he built the fence and that the transfer of the lease and the sale of the homestead did not affect his ownership of the fence. Judgment was rendered by the J. P. pending further inquiry in the terms of the sale and transfer to Burton. The action was entered as a result of Burton removing the fence.

Urgency of Enrolling Early

Inquiries are pouring in to the principal of the Agricultural School, from prospective students. It is urgently desired by Principal Stephens that any young people desirous of attending the School should let him know right away. Write or see the Principal at once so that his appointment later can be arranged. Especially does this apply to those who would attend the School but would live at home. Ladies who are looking forward to taking the course in Household Science are reminded that for the full course in clothing sewing but 24 can be enrolled for the course without the sewing classes only 45 can be instructed. Hence it is imperative that the Principal be conversed with at once if enrollment is desired. In any case it is causing disappointment to many intending students to put off the matter of getting in touch with Mr. Stephens.

An Announcement

Mr. Wm. G. Moffatt begs to announce that he is prepared to resume his classes in piano, organ, harmony and theory of music at his studio on Knob Hill. The usual terms will be charged.

Any students wishing to commence the study of music should make application at once, preparatory to commencing on or after Sept. 8th.

Pupils prepared for the examinations of the Royal Academy and the Royal College of Music, London, England. Pupils also prepared and coached for piano competitions.

Any information desired by intending students may be obtained by phone or by personal application.

Mr. Moffatt also announces that he is open for concert engagements as solo pianist, accompanist or conductor. Terms may be had on application to Wm. G. Moffatt, Clareholm.

Two Bad Railway Wrecks

Fifteen persons were killed and as many more injured by the wreck of the train on the Millard Ry. in England on Tuesday morning. One section of the famous London-Scotland express crashed into the rear of another section, the wreckage taking fire. The same day at New Haven, Conn., the first section of the White Mountain express telescoped the second section of the Bar Harbor Line, killed causing the death of twenty and the serious injury of over fifty more.

Presented Leader with Medal

As a slight token of the appreciation of the hard boys of the painstaking work on their behalf undertaken by their leader a presentation of a silver medal, suitably engraved, was made to Mr. Larkin, who in eight weeks has taken the raw material at his disposal and has transformed it into the very creditable musical organization.

Notes From The Traps

The interest in trap shooting seems to have revived in this town and it looks as if a club might be formed although nothing definite has as yet been decided. A few trap men from Granum were here one evening last week and were giving the boys some pointers. H. L. Fink seems to be the top-notchster as his scores have been the highest in the few shots that have been held. R. E. Moffatt has a very firm hold on the cellar position up to date and will take some doing. Last there is some talk of allowing him to snout the land if he breaks when it hits the ground. In the shoot with Granum, the Clareholm shooters, Fink, Shanks and Kingsley made 17, 15, 11, respectively. For Granum, Nicholson scored 10 and Pocco, 13. The last shoot on Labor Day showed that about seven birds were the limit for Brown, Schlegel, Dawson, Lehn and Eric. They are talking about getting up a class and shooting the blue birds on the ground. The argument is that if it became necessary to defend one's life it would be more to the point to be able to get the enemy, not how he was shot.

Choir Resumes Practice

The members of St. Andrew's (Presbyterian) Church choir are requested to attend the preliminary practice, Friday, Sept. 6th, at 8 o'clock p.m. This will be the first practice after the holidays, and a full attendance is desired. Any singers who are desirous of joining the choir are invited to be present at this rehearsal if possible. The study of Farrant's "Mass in B Flat" and Sullivan's "Credo" will be repeated while many new anthems from laboratories will also be performed during the winter months.

Premier Pianist at Elstveddoff

At the Elstveddoff held in Calgary last Monday evening, Miss Mabel Anderson won first honors in the piano solo competition, playing Rubinstein's "Impromptu in C minor." Miss Baig taking second honors. This ancient Welsh festival which has for its object the development and fostering of literature and music, was held in Calgary for the first time and was judged a success. In addition to the musical features of the Elstveddoff were competitions in essay writing, poetry, recitation and art. It is an honor to Clareholm that two from this town should be worthy of first and second places in such a competition.

Conservative Wins Peace River

The result of the polling in the Peace River constituency came as an unpleasant surprise to those who expected a large majority for W. A. Rae, the Liberal candidate. In this election A. Patterson polled 426 votes to 395 for Mr. Rae, the third candidate coming away behind with 38. Lake Saskatchewan and Shabashbury gave the Conservatives 38 and 39 majorities respectively while Grand Prairie, Mr. Rae's home town, gave the Liberal 58 majority.

Good News for Homesteaders

(News Telegram)
The important announcement was made by Dr. Roche, minister of the interior, while in Calgary Monday that he intended to submit an amendment to the homestead law at the next session of parliament. This amendment will provide for the insertion of the old clock clause, which stipulates that the homesteader, in lieu of breaking 30 acres of land, must meet the government's requirements by raising 30 head of cattle. The bill, back of the amendment is the encouraging of mixed farming, the strenuous reorganizing with the wise agriculturalists of the west, that is the intelligent farming that is the most profitable.

Clareholm and District

Lloyd Redfern was in Calgary on Sunday and Monday.

Miss Jessie West spent the weekend in Calgary.

W. D. Annable, of Browns, was here on business yesterday.

D. B. Vanhorn left yesterday on a business trip to Cardston.

Mrs. Clyde Hall, of Valence, is visiting friends here this week.

Miss Clark, of Calgary, and Miss Burton, were guests of Mr. and Mrs. W. T. Gordon, for the weekend.

Leonard Pitts, of Nokes, arrived yesterday to spend a few days with his sister, Mrs. R. S. Breton.

J. E. Smith, with Gaiety Girl and Black Jack, are in Calgary for the Calgary Turf Club races on Friday and Saturday.

Geor. Chod, J. R. Watt up, was third in the gentlemen's race at Calgary last Saturday.

Box—On Sunday, August 31st, to Mr. and Mrs. Leo School, a daughter.

J. R. Watt left last Saturday to spend a few weeks in Ontario and return home.

Inspector Tucker came up from Inchood on Monday to accompany H. J. Gustin for a day's duck shooting.

Mr. Farles, from the Carthage branch of the Bank of Commerce, was transferred to this branch.

Two ladies gathered in by Constable Larkin, were escorted to Inchood Wednesday night by the R. N. W. M. P.

Mr. and Mrs. Larkin have moved into the new house on the military store, lately vacated by Mr. and Mrs. DeLoraine.

Albie Mostard returned last Friday from his well earned vacation and resumed his place at the local telephone exchange on Monday.

William Pritchard, now of Cayley, spent the weekend here. Wm. hopes soon to return to this burg. Hurry along, Wm.

Mr. Cameron, who a short time ago was on the staff at the Clark store, is again at his old place behind the counter there.

C. A. Norris, who two years ago was held in Calgary for the first time, returned from his home in San Francisco and has taken a position with Macgavin.

Oiga Mostad, of this Alberta government telephone exchange is taking her holidays and will spend a few weeks' vacation visiting friends in Dale and Caldwell in Minneapolis.

John Caldwell has returned to work for J. M. Soly and Sid Acorn, who was temporarily filling his place with that firm has taken a position with the C. P. R.

Misses Jones, W. G. Moffatt and Louisa Clark returned from one of their fortnightly trips to the North. They faithfully promise that this will be their last trip this season.

Miss Isabel McRae, of Black River, N.B., has arrived to take a position on the school staff here. She returned with her sister, Miss A. McRae, who has been a teacher on the public school staff for a year.

Mark Fisher moved Monday to the house lately occupied by the editor of this paper and the editor and Mrs. Duncan are now occupying the Cunningham house, just across the street from their former location.

F. J. Delbridge has accepted a position with the Western Canada Lumber Co. as collector and has moved to Lebridge. He and Mrs. Delbridge went down on the Monday evening train and their household stuff was shipped on Tuesday. Both have been prominent in social and business circles here and they will be missed. Mrs. Delbridge has disposed of her millinery business and Frank has been away from town most of the time since serving his conviction with the firm of Milnes & Noble.

Manager Shanks of the Union Bank is the possessor of a new automobile. S. O. Bryan has been placed in charge of the Alberta Grain Co. elevator at Woodhouse. Sam promises to spend his spare time in Clareholm, from which place he has been seriously missed since being removed to Carmanagay.

A. C. Watson, of Meadow Creek, won the bronze medal presented by the Canadian Bank of Commerce to the person winning the largest amount of prizes in the grain and grasses section at the recent Clareholm Fair.

Mrs. G. H. School leaves on the evening train for Portland, Ore., where she will visit her sister. The rest of the family will remain here till after the thrashing and will then take up their residence in the Oregon city.

Jas. Price, who has not been making the recovery to health that was expected since his return from the hospital in Calgary six weeks ago, has returned to Calgary on Monday. His son who has been with him at his town residence, for a couple of weeks, accompanied Mr. Price to the hospital.

The Vancouver Milling Co. are making some needed improvements to their elevator here. In a short time a new kerose and crude oil burning engine will be installed. Also the firm are putting in an up-to-date elevator and a steel direct spout. The contractor is here at present to make the alterations.

The rain of Saturday and Sunday having made the picnic spot undesirable the Presbyterian S. S. did not go to Walton's Grove on Monday but a good evening the afternoon in games on a field adjoining the church. The youngsters had a merry time and were entertained almost as well as if the original plans had been carried out.

Amateurs Lose Trail

The theft of \$20 from a room in the Wilton Hotel gave some of the amateur sleuths a little exercise this week. Instead of reporting the matter to the R. N. W. M. P., the amateurs allowed the suspected to elude them and of course, when the Mounted Police were called in, the opportunity was lost. The money, however, was recovered.

Almost Universal Suffrage

The Calgary city council have recently passed an amendment to the city charter which provides for what is practically universal suffrage as it permits all persons over 21 who have resided in the city one year, who are British subjects and who are able to read any portion of the second reader in use in the schools of Alberta, to exercise the franchise. There is no need of necessity for militant suffragism as far as the municipal voting is concerned.

Four Auto Racers Killed

Four men were instantly killed in the auto races at the Nashville, Tenn., Fair on Labor Day. The leading car overturned to a side, running down a negro boy and turned into the fence, throwing the wreckage of the fence in the path of the following cars. One of these escaped but the next two crashed into the debris and the drivers and mechanics were instantly killed.

Crushed Out Lives of Five

The collapse of the walls of a big department store in Peterboro, Ont., Thursday morning, was responsible for the loss of life and injury to over a dozen persons. The store was undergoing alterations while business was still going on in the building.

Meadow Creek Notes

If the weather man is good to us there will be very little grain left out at the end of this week. The crop will be a very large one and the grain of good quality.

Mr. Moffatt, our member in the provincial legislature, and Mr. Calder superintendent of roads and bridges, paid our district a visit last week. These two have been over our roads before and always some work has been done by the government after their visit.

Mr. Barker, superintendent of telephones, also visited us. He says that the government expects to build the new telephone lines in this district before the winter.

The public school board is finding difficulty in securing a suitable teacher for our school. Last year the department of education objected to the employment of a teacher who had not received Normal School training but what can be done when there are no such teachers available.

Miss Byrle, of Calgary, and Miss Garrow, of Granum, made their annual visiting trip to Meadow Creek last week.

Mr. J. Bell, of Brantford, is with us again. He reports great crops east of Clareholm.

Notice of Dissolution

NOTICE is hereby given that the partnership heretofore subsisting between us, the undersigned, carrying on business as butchers and meat merchants in the town of Clareholm, under the name of Williams & Sunderland, has this day been dissolved by mutual consent. All debts owing to the said partnership are to be paid to David P. Williams at his office at Clareholm and all claims against the partnership are to be presented to the said David P. Williams at the same place.

The said David P. Williams solicits the patronage of his many customers for the future.

DATED at Clareholm this 21st day of August, A. D. 1913.

WITNESS / D. P. Williams

Another Argument for Mixed Farming

Thus, Porter, who lives near Tofted, returning from the barn where he had been milking and carrying the pail of milk in his hand, found his horse alone. With the milk he had and the contents of the pail his wife was carrying, he put out the fire and saved the house.

One Paper Enough in Pincher

The plant and goodwill, of which the latter that may not have followed the former editor over to the Herald of Peace, the Pincher Creek Echo was offered for sale under foreclosure proceedings last Saturday but no one seemed anxious to try a tilt with the lusty infant paper recently begun and as his was received.

Accommodation for Students

Will residents of Clareholm who will be able to take roomers or boarders or both, commencing Nov. 1st, kindly communicate with W. J. Stephens, principal of the School of Agriculture, Clareholm, Alta.

Brief Illness Proves Fatal

As we go to press we learn of the death of Mrs. E. Johnson, the wife of the foreman of the Demonstration Farm. After an illness lasting but a few days, Mrs. Johnson died this morning. The funeral will take place on Saturday. Arrangements have not been made to time for the announcement of the hour of the funeral.

TWO AGAINST THE MANY

Sir Wm. Mackenzie returned from England the other day with \$8,500, 000 to put with the \$15,000,000 gift of the Dominion government. He assures us that the period of financial stringency is at an end. Hon. W. T. White says the period of tight money has passed. But it is another thing for us to get our banker to see it that way. This results about the same as in the case of the Irishman who was accused of a theft and who was confronted by two witnesses to the misdeed. He assured the judge that there were hundreds that had not seen him commit the crime.

HOT TIME IN THE OLD TOWN

The new telephone regulation, announced in these columns last week, by which those in arrears are refused long distance, has stirred up quite a lot of excitement in this town the last two days. Some telephone users were highly indignant, especially those who were but a small amount in arrears. Some very unfair criticism has been directed at the local agent and even the girls on the switchboard have had their own stormy time with indignant subscribers. Whatever opinion may be held as to the wisdom of the new order, at least in fairness to those connected with the local exchange, it should be remembered that they are selling upon higher orders and that means do what they are instructed to do or be disciplined. In any case there is absolutely no excuse for abuse and bad language on the part of the phone user. There was absolutely no excuse for one of the business men of this town using abusive language to the agent who was but obeying her orders. The case came very near to being aired in court and it was mistaken kindness on the part of the injured party that no example was made of the offender. The matter was settled out of court.

Mixed Farming in Alberta

(The Calgary Herald)
Are the farmers of Alberta going into mixed farming?
The hog crop of Alberta for 1913, will bring in more money to the farmers of Alberta than the twenty-five million bushel wheat crop of 1912 did.
The hog crop of Alberta in 1913 will be five times as large as the hog crop of 1912. The same production of 1914 will likely be five times as great as that of 1913. The returns from live stock of different kinds in Alberta in 1914 promises to be greater than the entire wheat crop of the province for the same time. That is some indication of the speed with which the farmers are going into live stock.
Alberta promises to be one of the very best mixed farming provinces in America. In the beginning it was an excellent ranching country. Then it was a good grain growing country. Now the farmers are growing stock in every line of agriculture the farmer has had very good returns. But he will do better in mixed farming than in anything else.
The city of Calgary should do its part in trying to handle the farmers' crop. It would be most unfortunate if any element should secure control of the market, reduce the prices and discourage this very profitable form of farming.

BIG OPPORTUNITIES AT WESTERN DOORS

Winnipeg's Food Supplies Now Chiefly Imported, Could All Be Produced in Manitoba Province

Winnipeg's rapidly increasing population yearly demands more fresh vegetables, more milk, butter, cream, more poultry and eggs, more bread, more meat and pork and other animal and agricultural products. Indeed, so great is the demand because that a remarkable state of affairs exists at the capital of Manitoba, at the present time. Situated in a district—the Red River Valley—which has probably the most fertile soil outdoors, Winnipeg annually imports from the United States and Canada for the purpose of thousands of dollars' worth of these commodities. The better receipts at Winnipeg from Eastern Canada and the United States for 1912 were 48 cars, or approximately 2,000,000 pounds, valued at \$100,000. Dressed poultry received in Winnipeg during the same year required for shipment 24 cars, and weighed 1,000,000 pounds, valued at about \$120,000. Local economy estimates for 1912 put the total for milk and cream from St. Paul and Minneapolis alone. Customs figures show that during the fiscal year ending March, 1912, Manitoba imported 1,351,480 dozen eggs valued at \$141,421; bacon and hams, \$188,849; chickens, \$172,250; and 1,838 pounds of fresh meat, not including another 17,629 pounds of mutton and lamb; and 32,750 pounds of salted meat. The figures for this stock show 15,666 sheep and 250 head of cattle imported during the same period. Over 3,500 acres were imported by the government in the same fiscal year. The figures for vegetables imported during the same period are equally remarkable, as follows: Tomatoes, etc., in cans, 238,292 pounds; 18,722 bushels of potatoes, valued at \$24,092, and fresh vegetables of other kinds to the value of \$76,223. The possibilities in mixed farming and market gardening in the Winnipeg district are almost incalculable, representing an extremely profitable industry in which comparatively few are engaged. Winnipeg for many years will continue to grow faster than the supply of these products, and forms an ideal and easily accessible market, situated in a district of surpassing richness.

The same is true in lesser degree of scores of cities and towns scattered over the prairie. The western Canadian farmer has at his door an undeveloped gold mine, to the appropriation of which the Dominion and Provincial Governments can assist him. The needs of the situation are cheaper money for agricultural purposes, and an increased supply of farm labor.

According to the Calgary Standard over 4000 new consumers were taken on by the Calgary electric light plant during 1912. In the twelve months the consumption of current increased from 2464,714 kilowatt hours to 2775,922,800, in the twelve months ending December 31, 1912. The plant has a generating capacity of 17,000 kilowatts, and is capable of generating 12 million kilowatt hours of electricity annually. The plant has a generating capacity of 17,000 kilowatts, and is capable of generating 12 million kilowatt hours of electricity annually.

Calgary's Story of Great Progress

The plant has a generating capacity of 17,000 kilowatts, and is capable of generating 12 million kilowatt hours of electricity annually.

The outlook for 1913 is even more encouraging. A number of industries which have been included in the building figures are not yet employers of labor to any great extent, but will be before the year is over. General Superintendent Price, of the C.P.R., stated on the last day of the old year that 1,000 men would be employed in the company's shops within a few months. The Riverside Lumber Co. are building a large wood-working factory which will increase their payroll in and tributary to Calgary, to over 1,000 men. The Treadwell Clay Products Co. is another large industrial plant which is just getting under way. The Treadwell Clay Products Co. is another large industrial plant which is just getting under way.
